Student

Hi [name of student],

We are excited to provide you with MindGenius mind mapping software.

MindGenius can help you create, plan, and collaborate. It has the potential to help you with writing projects, note-taking in classes, and all kinds of other projects.

[name of school] is giving you full access to two MindGenius applications:

- MindGenius 20, a Windows desktop application.
- MindGenius Online, a cloud-based application you can use on Macs as well as PCs.

Both applications do similar things, but in somewhat different ways. And mind mapping is just the start of what they do. We encourage you to set yourself up to start using one or both applications. Here's how:

- For MindGenius Online, [set up an account for yourself](#) using your school email address.
- For MindGenius 20, [start a free trial](#).
- Email us at [school admin email address] to let us know you've done this, and we'll add your account to the Campus-Wide license for [name of school].

MindGenius provides documentation and learning videos to help you get started with both applications.

Faculty

Hi [name of faculty member],

We are excited to provide you with MindGenius mind mapping software.

MindGenius can help you create, plan, and collaborate. It has the potential to help you in developing lesson plans, initiating writing projects of all kinds, planning meetings and conferences, and all kinds of other projects.

[name of school] is giving you full access to two MindGenius applications:

- MindGenius 20, a Windows desktop application.
- MindGenius Online, a cloud-based application you can use on Macs as well as PCs.

MindGenius Online includes a collaboration function – so you can invite other faculty and/or students into your projects to work together.

Both applications do similar things, but in somewhat different ways. And mind mapping is just the start of what they do. We encourage you to set yourself up to start using one or both applications. Here's how:

- For MindGenius Online, **set up an account for yourself** using your school email address.
- For MindGenius 20, **start a free trial.**
- Email us at [school admin email address] to let us know you've done this, and we'll add your account to the Campus-Wide license for [name of school].

To help you get started, MindGenius provides a number of brief videos:
