Learn more about MindGenius Online details & experience on AppSource

Hybrid work is here to stay. However, keeping your team aligned and up to date can be a constant challenge that requires workers to constantly switch between applications and search for the latest information.

With MindGenius Online, you can create, collaborate and plan all your information and projects in one place.

So, why should you use MindGenius Online?

Microsoft Teams together with MindGenius provide the ideal platform to let interested parties identify, collaborate and prioritise where effort is best rewarded. Helps ensure we continually do the right things and do them right.

Create a unique workspace for you and your team to collate and develop ideas
Organize, evaluate, and prioritize according to your criteria, using a variety of powerful visual tools
Turn ideas into actions — highlighting what’s most important, what’s needed when, and everyone’s workload

Create a unique workspace for you and your team to collate and develop ideas

Capture ideas and information
Quickly group and order information using drag and drop
Effortlessly add new information

Organize, evaluate, and prioritize according to your criteria, using a variety of powerful visual tools

Assign categories to quickly sort and sequence the information and ideas—based on impact and difficulty (in this example)
Use the Tag Centric View to see where impact and difficulty can help you define the sequence of tasks
Focus on you and your team’s best ideas

Turn ideas into actions — highlighting what's most important, what's needed when, and everyone's workload.

Define your key process stages to ensure tasks are managed to completion
Arrange tasks by your criteria
Drag and drop tasks to track progress
