Products

30 years of developing Software Applications
Showcasing today within Teams - MindGenius

Blending Aspects of
- Mind Mapping Techniques
- Project Management Tools
- Microsoft Teams’ Collaboration Capability

Providing a Collaborative & Creative Workspace within Microsoft Teams

making Remote Collaboration on Ideas Stimulating & Feasible

Collective Brainstorming

- Strategy
- Problem Solving
- Planning
- Project Management
- Status Meetings
- Risk Assessments
- Improvement Initiatives
- etc

The Result

- makes Online Workshops Effective
- gives On-Line Meetings a Focus
- Improves Remote Collaboration
- Provides a credible Alternative to In-Person Workshops

Ultimately makes Hybrid Working easier more practical
What's the Problem?

The Challenges Faced

Working with Teams
- Small
- Large
- Multiple Pods

Ineffective Meetings
- Cluster of Small Teams contributing to an Overall Group Objective
- Lack of Clarity
  - Across the Team(s) in what we / they are trying to Achieve
  - There is only so much that can be done
- Uncertainty

Poor Prioritizing

 Actions speak louder than words
- Words more than Action
- Managing Work in Progress (WIP)

Get best Return for our Efforts
- Transitioning from Thinking about it to Making Things Happen
- Not just One Project
- Multiple Projects

Prioritize the Correct Things to Do

High Impact
- Easy Wins
- Big Bets

Low Impact
- Incremental
- Money Pit
The Solution

1. Better Idea Generation
   - Quickly
   - Organize
   - Prioritize
   - Capture
   - Action
   - Real-time Visualization encourages Comprehensive Participation

2. Simpler Project Management
   - Heard
   - Seen
   - Valued

3. One Version of the Truth
The Solution

1. Better Idea Generation
   - Defining Clear Objectives
   - Managing Scope Creep
   - Improved Risk Identification and Mitigation
   - Managing Stakeholder Expectations

2. Simpler Project Management
   - Enhanced Understanding of Project Scope and Objectives
     - With Improved Visibility and Transparency
     - no need to Jump in and Out of Applications Multiple Times a Day
     - Progress Tracking
     - Reporting
     - Analytics
   - Single Point of Reference
   - Digital Asset and Resource Centre
     - Real Time
     - Reporting
     - Analytics

3. One Version of the Truth
   - Comprehensive Task Management
     - Timely Notifications and Reminders
     - Ensuring that everyone stays on Track and Meets their Targets
Value & Benefits

- Better problem-solving
  - Improved
  - Idea Generation
    - Visualization Simplifies Complexities
      - Quickly get to Identifying the Core Issue & Potential Solutions
        - Identifying
          - Relationships
          - Dependencies
        - Thought Through
          - Data Driven
          - Everyone on Same Page
          - Easier to Assess and Prioritize Issues
          - Better able to Respond and Manage
  - Decision-Making is Better
    - Teams & Organisation are more Able to Accept & Adapt to Change
      - Improved Status Awareness & Communication
      - Better use of Time
Value & Benefits

- Better problem-solving
- Improved Status Awareness & Communication
  - Across the Team and Stakeholders
    - Status Reporting
    - Dashboards
    - Timelines
    - Taskboards
  - Real Time at your fingertips
    - Keeping you Aware and Informed
      - Provides more time to focus on Real Issues
  - No Need to Schedule Routine Status Meetings
    - Simpler to Organize and Plan
    - Early Identification of Bottlenecks
    - More Aware of Resource Utilisation
    - Across Multiple Projects
- Better use of Time
